EXHIBIT "A"

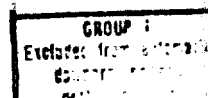

GENERAL SPECIFICS FOR PROGRAM

1. The contractor's Statement of Work and covering letter dated 6 September 1967 shall form the basis of this contract. Concisely, the contractor shall carry out work to reconfigure and/or repackage the system to permit its system to reduce its size and improve its performance reliability in an operational field application.

25X1 2. The operational training shall be provided by the contractor to
25X1 the Government COTR, namely, [] during a time period
mutually acceptable to the contractor and []

3. The contractor shall have the option of keeping the equipment after modification at his facility for use in other contractual efforts with this Government Agency on an experimental basis. The contractor is to have further option of modifying this equipment for such experiments providing, however, it will be kept in a state of readiness for reassembly into final operating condition within a period not to be in excess of one week after notification of a utilization requirement from the COTR.
